[REDACTED]

Spoke to [REDACTED] a couple of minutes ago. I'd suggest that we have [REDACTED] reach out to [REDACTED] to understand what he needs from those 27 projects [REDACTED] was speculating that he may need access to EDRS (not sure that's possible without a LAN ID); he also confirmed that the EDRS records are public.

Regards
[REDACTED]

[REDACTED]

My team owns EDRS. [REDACTED] is a developer. Should I ask him to help?

Hi [REDACTED]
Does your team own EDRS. There is ask from [REDACTED] to run a query on EDRS on 27 orders/PO's and pull all the documents associated with it. Can some one from your team help with this?

Thanks
[REDACTED]

Some of the measures included in this document are contemplated as additional precautionary measures intended to further reduce the risk of future ignitions following the 2017 and 2018 wildfires.

Any idea who is the owner or expert in EDRS. Got a request below for to run a query (or scrape) in EDRS to pull all documents associated with the projects in EO. Appreciate the help in directing me to the right person.

Thanks

Is there someone in IT that can do a scrape of all the documents in EDRS that tie to these 27 Projects.

We are creating slides from each of those documents for a high level discussion with leadership – but it is sensitive as both the Federal Monitor and the Operational Observer are at the meeting.

I need to get it over to the KPMG team that is helping us pull all the material together.

The project list of 27 in construction projects is attached. Column AZ has the business case documents in EDRS. Let me know if you can't open those, and we'll figure something out.

What you've outlined below is fine, thanks for your help.

H [REDACTED]

I wanted to follow up with you on the in-construction profiles for this Wednesday. I know the team wanted to do a project by project review for that bucket of work, and I wanted to follow up on that status of those profiles. From the WFRG meeting last Friday, we had an initial template set up that used the Advanced Authorization data and what was produced by [REDACTED] model. Where you planning on using this template for the meeting this week, or was there another format that you had planned to use?

Additionally, my team would be happy to provide assistance with pulling these profiles together if your team needs it. We would need:

- The Advanced Authorization
- Image of the planned work
- Any detailed estimates for cost
- Full list of projects

Happy to hop on the phone to discuss this as I know there is a quick turnaround on profiles.

Thank you
