Hi [REDACTED]

I'll give you and Erin a quick a call to discuss.....

Thank,
[REDACTED]

[REDACTED]

I have never been part of your team's review process so I don't know in advance what you want. Please send me what you would like me to provide and I will work on it. Thanks.

[REDACTED]

Do you have the segment maps created as well?

Thank You,

[REDACTED]

Chris

Everything is in the Post Field Check section now. On a side note, you overstated the miles on the Iron Mtn Rd section by 1.43 miles. See below.

Mitch

	Trench / Bore	3.04 miles – Iron Mountain Road
	Trench / Bore	1.63 Miles – Iron Mountain Road

I need to ask that you please put all the notes from your review after the Post Field Check Results section. By adding notes to the Field desktop you are changing what we reviewed and proposed. Can I ask that you have these corrected today?

For example, the desktop review proposed a DER under the section Overhead Line Elimination will need to be confirmed or rejected under the same section after the Post Field Check Results. Please call me with any questions or concerns.

Thank You,

[REDACTED]

[REDACTED]

Notes are in yellow highlight. If you have questions, please let me know and I will clarify where needed.

I am just checking in to see the status of returning these documents completed with your review? Will you have them early this week so we can continue with the scoping approval process?

Thank You,

[Redacted]

[Redacted]

Please review, segment and return the completed Field Scoping Documents to me as soon as you can so we can continue with the scoping approval through the Wildfire Governance Committee. Please let me know if you have any questions or concerns.

Thank You,

[Redacted]
