Subject: SH Scoping meetings this week

Good morning [REDACTED]

I am compiling a list of all the projects scoped this week that require base maps for city/county encroachment permits and UG in CT R/W. Land Department would like to get a jump start on creating the base maps, even though the routes may not be finalized and approved.

Please assist in pointing out which projects you would like Land Dept to start creating base maps this week to ensure a complete list and help reduce lead times.

Thank you!

[REDACTED]
