Subject: Bucks Creek - Key Sketch and Sub Order Table

Attachments: Field Scoping Documentation - ADE.docx; BUCKS CRK Segment Map.pdf;
Suborder Table

 Please make sure the key sketch is complete for the 3 alternative (Preferred scope is attached as mostly UG with a little bit of OH Harden in place) and the unit cost spreadsheet as well and return to me when completed.

Patrick,

Please obtain WBS and Cost Elements for the 2 additional segments. Please return the Sub order table to me.

Thank You,
