One per division. Do you want me to organize by division and resend it to you? Then can prioritize for each surveyor?

[REDACTED]

How many crews will be completing the surveying, basically how many projects can have the surveying worked on simultaneously?

Thank You,

Subject: 2021 SH base maps
Importance: High

Hello [REDACTED]

[REDACTED] was a meeting this afternoon with the land surveyor that will be coordinating all of the SH base map work.

I need to get these into some kind of approximate priority so we know which maps to create first.

Please prioritize or call me to discuss at your earliest convenience.
