Yes we will be breaking out OH and UG. There should be no blended projects this year.

Hi [REDACTED]

Can I ask you to please work through me first before reaching out to the PMs. [REDACTED] wasn't sure yet if I was going to assign these to him.

I'd hadn't decided who I was going to assign these projects until now. The tide wave of work coming out of NV and SI is a little more than expected. I've already reached out to [REDACTED] for additional headcount.

So yes, [REDACTED] will do these, but I need to know if the plan is to break out the underground and overhead into different PM numbers. I see that 7 current order numbers fall into that category.

Thanks 😊

See below. I need the Shingle Springs projects in the Portfolio Prioritization Tracker ASAP. If you know this is coming to you would you please start populating the worksheet?

Thanks,

Do you know if front door requests have been sent in for the projects below?

Supervisors,

I need PMs assigned ASAP so they can populate the prioritization worksheet. Without this I can't negotiate an EOD for these projects.
