Hi [REDACTED]
In the work description document you attached to this invite there is a column that references sketch locations. Can you send me the sketch so I have an idea of the scope of work being proposed for each sketch location.

Thank you

Subject: O8W-PM [REDACTED] - Bucks Creek 1101 Phase 1,2&3 - Pre-Engineering Meeting
When: Monday, February 22, 2021 11:00 AM-2:00 PM (UTC-08:00) Pacific Time (US & Canada).
Where: 3756 Hwy 70 (please see attached kmz file)

All,

- Adding in phases 2 and 3 to this walk so we can absolutely confirm 'base-map' limits for our Land Surveying department for the OH-UG scope portions.

All,

Please find time to attend this meeting, and if you absolutely can't make it please work with your management to find an alternate person to go for you, that is if you are in the 'required' category.

I am attaching a 'kmz' file since when I enter the address as seen in the picture (I'd like to meet just on the other side of this bridge) it takes me to a farm in Oroville which is about an hour away from the job-site... so make sure you understand where it is you are going before leaving. We will also need access to the sub-station so please be sure to wear the appropriate PPE so you can enter the grounds.

Please advise,
