[REDACTED] and [REDACTED]

The CWSP PMO has started to get requests from local entities to provide more geographically specific work plan data associated with our 2021 WMP. To this end, would you both please provide an excel file that contains the full 2021 workplans with the following fields by noon EOW, 2/26.

- Project Name
- Project location
 - Lat / longitude
 - County (*I have a GIS contact to obtain County, if you do not have this data in your workplan*)
- # of units per project
- Start Date
- End Date

Thanks and please let me know if you have any questions.

Best,
