Hi [REDACTED]

[REDACTED] asked me to do a pull to see how many 2022 projects are still showing (2021/ blank) Project Reporting year and thus need to submit a MPP change request. Added the 9 projects below that just made it back into the program (not knowing if these are to be 2021 or 2022 mileage) it's showing 87+9=96 projects

Team,

Below are 85 projects consisting of 93 miles that are forecasted by the PMs to be built in 2022 but the Project Reporting Year in the MPP still says 2021 or is blank. I asked them to submit change requests for this last week.

Are any of you able to tell me how many of these are in process and how many have yet to be addressed?
