Hi [REDACTED]  
I just got bombarded with change requests which I expected. Unfortunately, one of the unintended consequences from your mass e-mail was that many duplicate change requests were made for the same project. For example, one by [REDACTED] and one by [REDACTED]

[REDACTED]  
**Can you remove your duplicate change requests. See attached for reference. Call me if you need to chat.**

[REDACTED] PG&E - System Hardening

*Some of the measures included in this email are contemplated as additional precautionary measures intended to further reduce the risk of wildfires.*

Good morning Gentlemen,

Please see the below recent PM's that have been approved by the WFGC. I have attached our Exec Status Report for more detailed information on these projects and note that in Column C (Exec Status), anything with a 13 means that it has been approved by the WFGC. If you have any questions please do not hesitate to reach out.
