Bucks Creek

Can you give me a few of the order numbers for the bucks creek as well as anything we know for the site visit. I assume we will meet at the lineman college in Oroville the morning of the 16<sup>th</sup> (although we won't know the official time for a while). Also any long/lads could be helpful. This is for [REDACTED] as she is reaching out to Caltrans so whatever we can give them would be helpful.

Regards,
