Subject: RE: Field visit info

Hi [REDACTED]

Here is the information We have for the meeting:

We will meet at [REDACTED]

Order	Project Reporting Year	Order Description
[REDACTED]	2022	CWSP - BUCKS CREEK 1101 CB PH 2
[REDACTED]	2022	CWSP - BUCKS CREEK 1101 CB PH 3
[REDACTED]	2021	CWSP - BUCKS CREEK 1101 CB PH 1

The projects above start at Caltrans Mile-Marker 1.3 on Hwy 70 (North end of the third tunnel or at our Cresta Dam), project ends at Mile-Marker 5.3 on Hwy 70 (just prior to the Storrie cabins). With the exception of spanning the Feather River three times OH, we are undergrounding the whole section in Caltrans R/W.

Another helpful point of interest would be the currently under construction 95F Order, [REDACTED]. This project is very similar in scope from a Caltrans perspective, and the PM mentioned that [REDACTED] with Caltrans has played a significant role in helping us gain the permit to construct along with working with us to gain 'variances' throughout the project. We will all be driving through this project to get to the Bucks Creek projects.

Hi [REDACTED]

I will respond first thing in the morning. I am in the field today.

Get [Outlook for iOS](#)

Subject: Field visit info

Hi [REDACTED]

I connected with [REDACTED] this afternoon, and also with [REDACTED] copied here. Please get [REDACTED] and me the project info so we can assess permit requirements and advise on how to best engage agency partners.

I let [REDACTED] know I'm on a site visit tomorrow, but will be in range and will be responding to emails as I am able.

Thanks!

[REDACTED]
