Subject: Bucks Creek 1101 base mapping - [REDACTED]

All,

Attached is the base mapping for Bucks Creek. Highway 70 is pretty clean – the only other utilities are the drainage culverts. The ROW boundaries don't come into play, they're either well up the rock face or out near the river so they were left off. We can add them later on if necessary.

Thanks,

[REDACTED] **PLS | Senior Land Surveyor**
