PRJ002 filtered for Business Cases Needed

**Attachments:**

Good morning everyone,

Please see the [redacted] with the updated forecasts entered for the jobs needing a BC. I have filtered them all for ease of navigation on the 2 blue colored tabs.

You will find [redacted] in the additional [redacted] ran for [redacted] attached because that one is under TDDD.

[redacted] - Frogtown has a ticket submitted to create a WBS element so that we can forecast to it.

Please let me know if you have any questions!

Thank you,
