Comments Add Comment

12/18/2020 9:41:52 AM - ██████████
 Concurring with ██████████ comment. In the future, Bucks Creek 1101 becomes part of the Bucks Creek 1103 Circuit.
 12/16/2020 7:59:30 AM - ██████████
 Per discussion with DEs, updated design documents to reflect the distribution substation re-configuration and combining BC 1101 into BC 1103 (PM# ██████████)
 12/11/2020 3:48:46 PM - ██████████
 added cost spreadsheet
 12/4/2020 4:17:46 PM - ██████████
 Bucks Creek 1101 in Protective zone CB was identified for system hardening as part of 2021 plan. This project will replace 4.8 miles of overhead line with level 1 and level 3 hardening. There is an existing EDRS #2020-81775 with the proposed project scoping for DE review.
