See the note from [REDACTED], would to go over this with [REDACTED] and his team this week or next week based on how calendar's align.
I can do early (6:00 am to 8:00 am) or late (after 6:00 pm to 9:00 pm) if it helps get it on the calendar sooner for [REDACTED] and his team.

Here is the deck, also happy to give you and [REDACTED] a deeper dive on the model and on the EVM and System Hardening Plans as they get formulated.

Great presentation, [REDACTED]... heard it the first time on [REDACTED] call a week or so ago and really appreciated being able to see the slides you were speaking to at that time.

Any chance [REDACTED] and I could get a copy of the PPT deck, just for reference.

Thanks.
