**Attachments:** Public Safety LTIP Target Setting V37.pptx

[REDACTED]

Updated the SH targets, see slides 13 and 14.

- LTIP 0.5
  - 2021 LTIP 0.5 is kept at 305 as this is anchored to the portfolio of work (if we want to revise the portfolio because now we can spend more \$ on it, then we will need to work with [REDACTED] and review / approve a larger 2021 portfolio at the Wildfire Risk Governance forum)
  - 2022 LTIP 0.5 increases the target relative top 2021 consistent with the funding increase (increase from \$931 in 2021 to \$1.151M in 2022)
  - 2023 LTIP 0.5 escalates the 2022 target by 15%
- LTIP 1.0 is a 5% increase from LTIP 0.5 and LTIP 2.0 is a 15% increase form 2021.
- I did not change the Unit Cost assumptions; we actually don't use them in the calculations.

Let me know if you have any questions,

[REDACTED],

Do you have this.  
It seems we are not done with this.

Please start with V36

Team,

Please see below highlighted item. Suggest revising the LTIP SH Public Safety metric targets, accordingly.

Thank you!
