[REDACTED] didn't copy you. I would assume you would likely still be on quarantine so perhaps we could engage [REDACTED] or [REDACTED] to attend.

The Bucks Creek visit is also about System Hardening, sorry I wasn't clear about that.

Ok. I would think my team would need to be involved on the 14th in Middletown as well as Pine Grove on the 16th.

I know, I just heard about it a couple of hours ago myself.
Current plan is Calistoga current limiter and Middletown SH work based on new risk model on the 14th; meet at Chico on the 15th and take a copter to look at Hoopa issues in the morning and talk about 3rd party inspections / A & B tags in the afternoon AND if time allows, go to Bucks Creek 1101; on the 16th look at VM stuff in the morning near Grass Valley, and then visit Pine Grove 1101 in the afternoon to discuss influence of new risk model. This is also if time allows.
