Hey [REDACTED]

Attached is are the updated materials for tonight, inclusive of the additional granular tracking requested by the committee. Let me know if anything seems off to you. Also, I've attached the excel document as we discussed so that the summary tables stay current on a go-forward basis.

Best,
[REDACTED]

Hey [REDACTED]

Yes, we'll add an updated status tracker to this.

To that end, [REDACTED] do you have an updated 08W you can provide? The 2021 execution tracker does not have enough data to answer the mail on progress towards public safety metrics (e.g., condition 1 and 2 miles).

Best,
[REDACTED]

Deck for this portion looks good. I assume [REDACTED] or [REDACTED] will add the new tracker that was requested?

Hey [REDACTED],

Just wanted to reach out to touch base on the meeting for Thursday evening. A few items I know we'll need are:
Updated status tracking to show progress towards public safety metrics; if you can provide the updated 08W, we can pull something together on the slides.

Follow-up on the Keswick 11011586 (Remote grid team); I'll make sure that they get the invite for Thursday.

Let me know if there is anything else we're missing, or if we can help to support the team in any other way.

Apologies that I've been a bit out of the loop early this week, we got caught up in the Texas power outages. Likely to continue having some power gen issues, so looping in [REDACTED] as well for backup.

Best,
[REDACTED]

kpmg
