**Subject:** 3.4.2021 - System Hardening Meeting Draft

**\*\*\*\*\*CAUTION: This email was sent from an EXTERNAL source. Think before clicking links or opening attachments.\*\*\*\*\***

I've had separate conversation with you each tonight, so wanted to pass around the draft presentation so that we're all on the same page with the additions / changes we discussed.

Agenda includes:

**Decision:** Fire / Storm rebuild mitigation framework approval

**Inform:** Remote Grid screening process overview

**Inform:** System Hardening Scoping Status Update

**Inform:** Mitigation recommendation for 2 projects – 18.3 miles

**Decision:** High-risk adjacency approval to scope

**Open Items** [REDACTED] **(is already working on these)**

Updated 08W to update status slides 9-10

Any additional projects that we want to add in tonight (?)

Once we close the last items, I can send around for final approval and get it over to [REDACTED] for distro.

Thanks,

[REDACTED]
