Is that just the PSPS jobs – or all of the removals?
Is there a way to identify the PSPS jobs so I can make sure they stay in the plan?

[REDACTED] – the most recent information from [REDACTED] which came yesterday was that he is asking us to hold on the decision of these projects for a couple of weeks up to potentially a month. I am not sure what the fundamental issue is, but I just know that they are not ready to decide if they want to push on them in 2021.

Morning [REDACTED]
Can I get your support on investigating [REDACTED] ask to keep the PSPS work in the system hardening plan? Maybe you can connect with [REDACTED]?
I'm guessing you and [REDACTED] are already having those conversations... and I don't want to swim too far out of my lane
