8 MEETINGS COMPLETE	6 MEETINGS COMPLETE	11 MEETINGS PLANNED*				Host Wildfire Safety Working Sessions					

COMPLETE

- CA EXTERNAL AFFAIRS**
- Meetings held with cities, counties and agencies including the **Tehama County Coordination Committee**
 - Drafted **SIPT Brochure, Insert and External Fact Sheet**
 - Distributed **save-the-dates for the Wildfire and PSPS Tabletop Full-Scale Exercises**

- MARCOMMS**
- Created **CWSP social media graphics**
 - Finalized **CWSP/PSPS weekly messaging update**
 - Distributed **weekly and monthly MarComms Outreach trackers**
 - Updated **Q2 news releases/stories tracker**
 - Drafted **Q2 editorial calendar schedule for social media graphics**
 - Drafted **System Hardening Newsletter for Amador County**
 - Drafted **Proposed 2021 PSPS Criteria messaging**

- CUSTOMER**
- Hosted **Safety Town Hall with the counties of Humboldt, Mendocino and Trinity**
 - Hosted **Regional Webinar with the counties of Fresno, Kern and Tulare**
 - Updated the **Simplified MBL Fact Sheet**
 - Drafted **Medical Baseline Welcome Series**
 - Drafted **June Bill Insert**
 - Drafted **May IP Warming Email - Address Alerts/Language Preference**
 - Updated **Customer Outreach Road Map**

LOOK AHEAD

- CA EXTERNAL AFFAIRS**
- Meetings planned with cities, counties and agencies including **Rossmoor (Walnut Creek), the city of Placerville, the counties of Glenn, Lake and Plumas; CalOES, the California Public Utilities Commission, the Disadvantaged Communities Advisory Group and the San Francisco Federal Executive Board**

- MARCOMMS**
- Drafting **updates to CWSP and PSPS messaging architecture**
 - Preparing **videos re: climate change**
 - Updating **System Hardening web copy, high-level messaging, QA, fact sheet and customer letters**
 - Drafting **CWSP and PSPS Fact Sheets**
 - Drafting **April CWSP Nextdoor poll and Instagram quiz**
 - Drafting **PSPS Social Media Plan**

- CUSTOMER**
- Hosting **Safety Town Hall with the counties of Sacramento, Solano and Yolo**
 - Hosting **Regional Webinar with the counties of Alpine, Amador, Calaveras, Madera, Mariposa and Tuolumne**
 - Drafting **BES Customer Email and Executive Flyer**
 - Drafting **Microgrid Customer Activity and Noise Letter and Email**
 - Updating **CWSP Customer Journey**
 - Creating **Language Preference How-To Guide**
 - Drafting **MBL Acquisition Customer Letter and Email**
 - Drafting **Mobile Safety App emails**

LOCAL AGENCY AND COMMUNITY OUTREACH

ADVISORY COMMITTEE MEETINGS

A committee of targeted county, tribal, city and state agency representatives to collaborate and obtain feedback and recommendations for PSPS improvements.

Meetings YTD	Date(s) held
1	2/11; next meeting planned 4/8

WILDFIRE SAFETY WORKING SESSIONS

Co-hosted working sessions to share county-specific plans for wildfire mitigation, system resiliency and address the feedback received during listening sessions.

Meetings YTD	Date(s) held
0	Mid-April - May

REGIONAL WORKING GROUPS

Quarterly meetings intended to encourage collaboration and provide an opportunity for PG&E and local stakeholders to exchange lessons learned from PSPS events.

Meetings YTD	Meetings Completed
5	Sierra (3/24), Central Valley (3/24), North Coast (3/25), South Bay/Central Coast (3/25) and Bay Area (3/26)

YTD AGENCY OUTREACH SUMMARY

Agency Outreach	Complete
PSPS Planning Exercises	0
Community Focused Webinars	11
Board and City Council Presentations	3

NOTE: See footnotes on page 7

Some of the measures included in this document are contemplated as additional precautionary measures intended to further reduce the risk of wildfires.

*All scheduled meeting dates are subject to change

CWSP Weekly Dashboard (data as of 4/7/2021)

11 PSPS NOTABLES (WEEK OF 4/1 - 4/7)

- Responded to nine data requests from Cal Advocates and Green Power Institute regarding the 2021 WMP and WMCE Testimony
- Reviewed proposed restoration pre-defined Restricted Polygon (sub-FIA) 2021 and Restoration Playbook Forecast format and content with PSPS Director Leadership
- Met with SCE and SDG&E to standardize CPUC De-energization Reports and reviewed proposed template from CalPA
- Finalized requirements for PSPS Portal Q2 prioritization including CalOES GIS/data service
- Developed workflows for Islanding, Temp Gen, Single Facility Back-up Power Support, Mitigations, Community Resource Center (CRC), Community Based Organization (CBO) and Media Partner In-Language

PSPS NOTABLES LOOKAHEAD (WEEK OF 4/8 - 4/14)

- Presenting pre-defined Restricted Polygon (sub-FIA) and Restoration Playbook Forecast proposals for 2021 PSPS VP Leadership for approval
- Finalizing 2021 PSPS Restoration and Impact Reduction Metrics and continue developing proposed Metrics Dashboard for use in 2021 PSPS events
- Working through Liaison Officer (LNO) AAR data quality items
- Working through PSPS Data Quality / Management items from survey

12 FINANCE - MARCH RESULTS (UPDATED MONTHLY)

Some of the measures included in this document are contemplated as additional precautionary measures intended to further reduce the risk of wildfires.

Footnotes for CWSP Dashboard

- 1 System Hardening data shows miles that have been hardened in the field; after system hardening work is constructed, electric QA and IA review processes are completed to validate that the miles fully comply with company standards
- 2 2021 Target Operational Miles includes 32 line miles removed as part of the Caribou-Palermo Idle Facility Removal project
- 3 Enhanced Vegetation Management cleared mileage excludes approximately 18 miles previously targeted but not included in the subsequent approved 2021 work plan; Wildfire Governance will determine whether these miles are properly included
- 4 Enhanced Vegetation Management Work Validation is paused pending resolution of tree/segment mapping issue
- 5 Temporary Microgrid target is contingent on several factors including land availability, permitting, construction resources, weather and input from community representatives
- 6 "Operationally Ready" indicates substation is ready to receive temporary generation and energize safely within 48 hours of need to deploy prior to a PSPS event
- 7 Infrared System Inspections are heavily dependent on system loading as lines, or segments of lines, need to exceed 40% of operating ratings in order to yield useful results; Infrared inspections will likely continue following the target completion date of 7/31
- 8 Repair Status data primarily focuses on tags identified during inspections and excludes tags from Major Emergency MAT codes and distribution tags with only vegetation concerns identified. Data only includes tags created 1/1/19 or later and reflects the current priority in the SAP system, which may be a change (e.g., upgraded or downgraded during a Field Safety Re-Inspection) from the original tag priority
- 9 Direct-to-Customer Outreach reflects customers contacted via CWSP and PSPS customer outreach, which includes postcards, mailings, emails, etc.
- 10 2021 Total Meetings includes meetings and events supported by California External Affairs, State Government Relations, Customer, Public Safety Specialists, Operations and Regulatory Relations (e.g., meetings with cities, counties, safety agencies and participation in wildfire safety events)

GOVERNANCE:

The CWSP Dashboard must be approved at the monthly CWSP Steering Committee meeting.

BRAG STATUS DEFINITIONS:

■ BLUE: COMPLETE

Quantitative Metric: Complete

Qualitative Metric: Complete

■ RED: >1 MONTH BEHIND

Quantitative Metric: Off Track (YTD Actuals are >1 month behind YTD Target)

Qualitative Metric: Off Track (behind plan and at risk of not meeting annual goal i.e., there is no recovery plan in place)

■ AMBER: AT RISK

Quantitative Metric: Behind Plan (YTD Actuals are <1 month)

Qualitative Metric: Behind Plan (behind plan but likely to meet annual goal/target)

■ GREEN: ON TRACK

Quantitative Metric: On Track (YTD Actuals ≥ YTD Target)

Qualitative Metric: On Track
