All,

Please find time to attend this meeting, and if you absolutely can't make it please work with your management to find an alternate person to go for you, that is if you are in the 'required' category.

I am attaching a 'kmz' file since when I enter the address as seen in the picture (I'd like to meet just on the other side of this bridge) it takes me to a farm in Oroville which is about an hour away from the job-site....so make sure you understand where it is you are going before leaving. We will also need access to the sub-station so please be sure to wear the appropriate PPE so you can enter the grounds.

Please advise,
