The information in the box got cut off somehow.

It should read – 08W projects outside of the Top 20% CPXs have been approved directly by the Wildfire Governance Committee (WGC). Rational include: Fire Rebuild, In-Construction Work, PSPS Mitigation Work.

Can you correct. Everything else is fine.  
After you correct send it to [Redacted] and myself – stating I have reviewed.

08W Opportunity Hopper by Phase (Miles)

	Total	Scoping	Estimating	Dependencies
Total	508.1	433.7	2.9	29.4

08W Opportunity Hopper (Miles)

	Total	Mitigation Approved	Mitigation Not Approved
Total	508.1	105.3	402.8

08W Opportunity Hopper - Approved Scope by Mitigation Type (Miles)

	Total	Overhead	Underground	Removal
Total	105.3	79.9	23.0	2.5

There is no such thing as a small act of kindness; every act creates a ripple with no logical end.
