Team,

Please find attached a copy of this week's update for the WSHP weekly summary.

███████████ – Note that I've made the update you requested to the rainbow summary that shows all projects tagged as "Remove" in the WSHP Log in column Z. Note that Orders currently with "Remove" Status in UNSE do not have a Scoping Status as such I merged the 3 scoping status cells for these items into 1. Let me know if you need any further adjustments

████████████ – No materials changes to this version from the one I sent you earlier for your meeting prep other than the adjustment I made for ████ above.

Feel free to reach out if you have any questions.

Thank you kindly,

████████
