Attachments: 2021 System Hardening Daily Summary (Updated 3-3-21) .xlsm

Team,

Please see the updated file with the adjustment to captured the missing installed mileage related to SH-Wind. Formulation now updated to capture installed mileage outside of status group "CONS" for fast moving emergency projects.

Confirming total install miles @ 11.2Miles

Thanks [REDACTED] for the call and notification.

Importance: High

[REDACTED]
Found a small bug on "Construction Complete". Source data shows 11.2 miles complete, but Summary table show 10.2.

I will call you shortly.

All,
Please wait for an updated report. Do not use this version.

[REDACTED]
Some of the measures included in this email are contemplated as additional precautionary measures intended to further reduce the risk of wildfires.
