Hi [REDACTED]

Attached are updates as of noon today. We have new commitment dates from our Vendors that came in after this update (pulling projects forward), and so after our Land Surveyors have time to review the new commitment dates they will update this file again, hopefully prior to Thursday's meeting.

Thank you, [REDACTED]

Hi [REDACTED]

Here is our Basemap Tracker updated as of an hour ago. Column C is our current order of Priority; please let me know if any changes are needed.

Also of interest will be Columns H & I as they have Caltrans information. FYI: Caltrans Districts 5 & 10 currently have horrible cycle-times which is why their cells are highlighted red; we will want to prioritize them due to their unusually long lead times.

Lastly, Column U has comments from the Land Surveyors – concerns which can probably be addressed by your or the Project Manager.

Thank you! [REDACTED]
