Potential Site Visit Options

We have 3 projects on the Bucks Creek circuit that cover 4 miles. They are high risk score on the new risk model. They have Railroad, Caltrans, Forest Service & PG&E Hydro to manage. These are also 90% underground which means they won't be built until 2022. The projects are south east of Paradise.

I think these might be ideal for the 12th. Let me know if you agree and I'll get you more specifics.

Pacific Gas and Electric Company
