No worries [REDACTED]..by chance do you have a RR contact as well, considering we need to work with them to re-establish service near the Cresta Dam?

Please advise to all on this email,

Hey [REDACTED]

I actually just sent an email to [REDACTED] about this topic. So sorry I didn't see your email before I sent this one out. See email attached.

We need to get a couple key players involved to see if we can get an agency representative to attend. Let me know if I should set up a meeting to talk with our programs team 😊

Hi [REDACTED]

We are preparing for an 'executive visit' of the Bucks Creek planned O&W work, and was told that you could do a cursory look at my projects to confirm which agencies we need to coordinate/permit with?

Please advise to all on this email,

H [REDACTED]

I am the PM of the following projects and would like you to take a cursory review of all associated agencies that we will encounter that will need permitting/notification. Clearly, we have Caltrans and the RR....but are there any others?

35224712	CWSP - BUCKS CREEK 1101 CB PH 2

Please review and advise to all on this email before end of day tomorrow,
