Subject: RE: April 16 Site Visits

We have started compiling contacts and will reach out to them today. The one other contact we wanted [REDACTED] input on was Caltrans. I spoke with [REDACTED] yesterday. She asked if [REDACTED] had some contacts with Caltrans because he had been working with those folks. We have a list of people from the different organizations that we can contact, and [REDACTED] will reach out to Caltrans if [REDACTED] would like us to do that.

Thanks

[REDACTED] and I discussed this ask and they will do what they can on your behalf to get other agencies out there, this includes asking gov rel for help reaching out and us reaching directly out. As I am not sure they will see any benefit in coming, we can't control attendance but will do what we can.

Sincerely,

[REDACTED]

Subject: April 16 Site Visits
Importance: High

[REDACTED] and [REDACTED]

We have received some dates for the next round of site visits from Filsinger and [REDACTED] (they are below). One thing that just popped up this morning was that on the System Hardening visit they wanted to have the other agencies present as this meeting, because these specific jobs have conflicts with Caltrans, Railroad, BLM and I think one other [REDACTED] apparently specifically said to have [REDACTED] coordinate with those agencies to ensure they are present at the meeting. I am not sure how/if you even know about the meetings next week, much less able to coordinate with these agencies on such short notice. I am having my team get some contacts for all the different folks. I am not sure if you have specific contacts with those folks and I don't want overstep my bounds but with your approval we can go ahead and at least reach out to the agencies to see if we can get representation at the

meeting.

Wednesday, April 14th

Redding, CA

Vegetation Management (Unchanged)

Thursday, April 15th

Chico/Oroville

T&D System Inspections

Friday, April 16th

Bucks Creek

System Hardening

 please confirm that Thursday will work for your team.
