Hi [REDACTED]  
I made a few edits to the VM meeting. If you can just include the link to the meeting site this will help everyone start at the same location. For some reason the address sends people to the wrong location. I also made some edits to the contact information.

[REDACTED] We would like to have one of our VPM's attend your system hardening work on Friday. There are often questions around vegetation management work during these meetings and we would like to help support the conversation.

Thank you,  
[REDACTED]
