Friday, April 16

PG&E Participants:	
Agency Participants:	
FEP Participants:	

08:00 - 13:00 System Hardening

- Location: 2485 Notre Dame Blvd 750, Chico, CA 95928 https://goo.gl/maps/35kmFomzCpfqbNvY7
- Meet at the parking lot for Starbucks Coffee
- Comments: There are 3 projects on the Bucks Creek circuit that cover 4 miles which have a relatively high-risk score in the updated risk model. These projects have agency dependencies with Railroad, CalTrans, Forest Service, CalFire and PG&E Hydro. These projects are also 90% underground which means construction will start in 2022. The projects are southeast of Paradise.

	Project	2019	2021	2021	2021
