[REDACTED] let us know about this weeks FEP field visits. We will work to prep [REDACTED] for Friday, but I think it is important that going forward the Risk team are advised about these visits and the locations – especially when there are risk model implications and dependencies.

We have this field meeting this Friday for Bucks Creek 1101. I don't see either of you on this list as attendees. Any chance either of you are available this week to go over the risk model with me to prep me for possible questions?

Thanks!

Attached, please find MS Word and Adobe PDF versions of this week's site visit agenda.

I believe the majority of participants as well as appropriate PG&E staff have been included in this

distribution. Please feel free to share as appropriate.

If there are any last minute changes, please let me know ASAP.

Best regards,
