Hi [REDACTED]

Are you interested in going over the talking points below? I am new to the team and adjusting to [REDACTED] projects and how ED is running. Are you interested in co-hosting this meeting with the agenda points, or do you want this meeting to be strictly for environmental review?

Also, I didn't mean to step on your toes and adjust the invite. I am used to owning/hosting meetings from my last group, and for being swamped with [REDACTED] work, I didn't realize that this was your invite. 😊 My apologies!

Sincerely,

[REDACTED]
Project Manager

Where: Microsoft Teams Meeting

Hey Team! à **Updating meeting invite with talking points.**

These projects have quite a bit of potential Land and Environmental permitting triggers. I would like us all to discuss the construction dates, scope of work, timelines, etc.

1. Scope
2. Engineering's thoughts
3. construction work plan
4. LP/Environmental table top review
5. estimating table top review

Thanks!
