Dixie Fire update.
The fire spotted
outside of retardant
lines around 2230 this
evening and is now
about 15 acres in size
burning moderately
up slope toward the U
Line. The fire is very
visible on the Flea
Mtn and Concow
cameras. The fire is
burning away from
Bucks Creek 1101 and
T lines in the canyon,
but it is burning
toward the Caribou
Table 230 kV but is

New Mess...
