Hi ████ - my name is ██████████████████████. I'm Elec Ops On-Call for CPUC reportable incidents. Just was notified by DO. I'm checking on the fire incident at/near Buckscreek-1101 FUCO 17733. I need to find out if fire is attributable to our assets and if there are injuries/ Property Damage/ or News Media. Call me at ██████████. Thanks.

Okay. Can you let me know if during the night it becomes apparent that 3rd party dmg or injuries occur or media shows up. If so this could be reportable. Thanks again ████!
