

North Valley Text...

Dixie Fire update. The fire spotted outside of retardant lines around 2230 this evening and is now about 15 acres in size burning moderately up slope toward the U Line. The fire is very visible on the Flea Mtn and Concow cameras. The fire is burning away from **Bucks Creek 1101 and** T lines in the canyon, but it is burning toward the Caribou Table 230 kV but is
