Subject: Ops Comms today

Ops Comms principals,

With both [REDACTED] and [REDACTED] out, and with the Dixie Fire taking up a lot of [REDACTED] and my time today, I'm making an ask here that you support each other as needed. Please continue to escalate anything that needs escalating to [REDACTED] and myself, but if you just need to bounce something off someone, please rely on your peer principals today.

Thanks, [REDACTED]
