Any word on PGE and CalFire currently discussing de-energizing three large power lines?

Now they are saying if they de-energize all three powerlines it will affect hundreds of thousands of customers. Cal Fire is meeting with a PGE representative.

There is Chico and Grass Valley Air Attack bases near the Dixie fire that aircraft can fly out of. The VLAT's will usually fly out of McClellan. You can call the Butte media line at 530-521-8265 for more details.

Thank you,

Thanks for your quick response.  
Any idea where air ops are flying out of?  
And I'm seeing concern the fire is already near high-voltage power lines.

I'm seeing an unconfirmed report that it's actually 900 acres.
