Hi	
I was just notified that myself and are being pulled off the TTX for an upcoming real-world EOC activation for the growing Dixie Fire. I am the Comms Tech Specialist on-call. is covering as EOC Coordinator. We have actually been bouncing back and forth between those roles together for the last several weeks due to staffing gaps.	
Anyway, I am have my notes for the first half of the TTX. Please send me your notes after the TTX wraps up and I will combine into one doc for the Exercise Team.	
Thanks,
