l would suggest	deleting it and this line:
The Divid Eir	to is not for from the site of 2019's Comp Fire, and last summer's North
Complex Fire	e is not far from the site of 2018's Camp Fire, and last summer's North
Complex inc	^·
l just think it	evokes fear and creates chatter/drift but will defer to the team on it who
lived through	it.
Thonks

Also suggest cutting the whole bit on the camp fire lives list etc just don't see a need to rehash all that

Thanks - I would cut this sentence as it should go without saying:
We will cooperate fully with all agencies to aid in the wildfire response and investigation and will keep you posted on the outcome.
Last paragraph where is says "painful memories for many of you", please change you to "us"
Last paragraph, revise to: " collective responsibility to serve our customers and keep them safe"
Would be good to work in that this is another example of why our stand that catastrophic wildlife's shall start is so important or mush remain a focus and/or ensuring everyone and everything is always safe
Thanks.
