Subject: RE: EOC Activation today at 1500 - Echo Day Shift

Hi [REDACTED]

No worries. Would you mind advising on who that night person may be? I ask because I am the company trainer for Everbridge and we have been running low on available personnel having identified staffing gaps.

Both myself and [REDACTED] (current EOC Coordinator) have been filling both the Coordinator & Comms Tech roles (doubled up at times) for a number of weeks.

Not trying to stir any pots... this is strictly for info gathering.

Thank you,

[REDACTED]

Hi [REDACTED]

Thank you for notifying me regarding your availability and the overlap. With you covering the EOC for an extended period of time due to staffing conflicts, I ask that you please take care of yourself and let us know if you need help or a break. If need be, we can call upon our night-shift Comms Tech Specialist or people on other teams to support.

Please stay safe and keep us updated.

Thank you,

[REDACTED]
