Copy, [REDACTED] Will do.
Good luck with the EOC activation! I'll probably be joining you in a few hours, lol.

Hi [REDACTED]

I was just notified that myself and [REDACTED] are being pulled off the TTX for an upcoming real-world EOC activation for the growing Dixie Fire. I am the Comms Tech Specialist on-call. [REDACTED] is covering as EOC Coordinator. We have actually been bouncing back and forth between those roles together for the last several weeks due to staffing gaps.

Anyway, I am have my notes for the first half of the TTX. Please send me your notes after the TTX wraps up and I will combine into one doc for the Exercise Team.

Thanks,
