Hi, [REDACTED]

A bit of an update.

[REDACTED] - I'll try calling shortly.

- The safety of our customers and communities is PG&E primary responsibility.
- PG&E continues to monitor the Dixie Fire in Butte and Plumas counties, and we have crews on-site to support first-responders.
- Late this morning several transmission lines lost power from the Dixie Fire's smoke. Approximately 10,000 PGE customers in Plumas County lost power. We restored power to all customers by 2 p.m.
- The fire is near the footprint of the Camp Fire.

Thank you for the information you sent along. We would still really like to talk with you, if you are able to spare any time today (the interview would be brief). I have cc'd our Senior Editor [REDACTED], as she will also be available this afternoon and might conduct the interview. Please let us know if any time opens up.

Best,
