Subject: Dixie Fire

Hi,

A bit of an update here:

- The safety of our customers and communities is PG&E primary responsibility.
- PG&E continues the monitor the Dixie Fire in Butte and Plumas counties, and we have crews on-site to support first-responders.
- Late this morning several transmission lines lost power from the Dixie Fire's smoke. Approximately 10,000 PGE customers in Plumas County lost power. We restored power to all customers by 2 p.m.
- The fire is near the footprint of the Camp Fire.
