Thanks for the edits████████████. V3 reflects those edits.

Per██████ I did strike the specific references to the Camp Fire victims, but I did leave this sentence in. Let me know if that is OK.

I know that for many of us this news brings up painful memories of those previous fires.

Also suggest cutting the whole bit on the camp fire lives list etc … just don't see a need to rehash all that …

Thanks - I would cut this sentence as it should go without saying:
We will cooperate fully with all agencies to aid in the wildfire response and investigation and will keep you posted on the outcome.

Last paragraph where is says "painful memories for many of you", please change you to "us"

Last paragraph, revise to: "… collective responsibility to serve our customers and keep them safe"

Would be good to work in that this is another example of why our stand that catastrophic wildlife's shall start is so important or mush remain a focus … and/or ensuring everyone and everything is always safe …

Thanks. ▮▮▮▮
