	Starting text group anticipating a request to de energize T line. Meeting with IC in 10. Will text when request is confirmed and follow up with call to	
	Copy on Signal message re Caribou Table 230kV	11:08 AM
•	Unread	11:09 AM
	So when you say lots confirming you mean phrase to phase and it will remain out?	11:09 AM
	It relayed and did not test	11:11 AM
		11:11 AM
	They will not re-energize	11:11 AM
	They are working on islanding right now	11:17 AM
	✓ how about the 230 assets in the bottom of the canyon?? What's their status?	11:18 AM
	Still energized	11:18 AM
	✓ request may come soon to de-energize. I gave the GCC and a heads up and we'll heads that call to GCC when the time comes if that works, I'll be on the 11:30 AM GCC O	
	We're going to leave the two 230kv lines in the canyon energized for now. Leave Caribo off.	11:25 AM <b>u Table</b>
	Сору	11:27 AM
	✔ understood per IC leave the 2 230kV lines in the canyon energized	11:28 AM
