7/14/2021 So when you say lots confirming you mean phrase to phase and it will remain out?	, 11:09 AM
It relayed and did not test	11:11 AM
\checkmark	11:11 AM
They will not re-energize	11:11 AM
They are working on islanding right now	11:17 AM
✔ how about the 230 assets in the bottom of the canyon	11:18 AM
Still energized	11:18 AM
✓ request may come soon to de-energize. I gave the GCC and a heads up and we'll he make that call to GCC when the time comes if that works, I'll be on the 11:30 AM GCC Op	
We're going to leave the two 230kv lines in the canyon energized for now. Leave Caribo off.	11:25 AM u Table
Сору	11:27 AM
✓ understood per IC leave the 2 230kV lines in the canyon energized	11:28 AM
