Can you place a call?
- [REDACTED] [REDACTED] 12:01 PM
Will call soon

Can you please call me - I am juggling many things

I sent this to [REDACTED] make sure he sees it: [REDACTED] plan for tonight is for E212 to post a constant watch on the Cresta Dam bridge and then have one person in the pickup take a lap up to Bucks Creek PH and then down to Cresta PH to evaluate down slope/canyon progress of fire. We are de-energizing the Bucks Creek 1101 that we treated today at 2000 tonight. The Cresta 1101 (Cresta PH) will remain energized. Please advise me via text if the fire starts to run down canyon toward the Cresta Power House. I need a little time to get the Cresta 1101 de-energized. Please check in via text or email at 2200, 0200, and 0500 on fire updates. I plan to see you in the morning around 0530 (I will bring coffee and something to eat). Be safe
