[REDACTED] 12:23 AM  
oh yea oops 17:15

[REDACTED] 12:23 AM  
no all good,

[REDACTED] 12:23 AM  
yea thats what im thinking

[REDACTED] 12:23 AM  
hopefully the winds up there dont pick up

[REDACTED] 12:24 AM  
they will. thats why it took off. those winds will rip till around 5am

[REDACTED] 12:26 AM  
the Jarbo jap station is a series of small buildings. the barracks and the kitchen are separated. At 5am walking across the compound to start coffee sucks in those winds. you can set your clock to them
